- **Commercial**
- **Upgrades**

"Let us be your partner in maintaining a beautiful and safe pool"

PUMPS: Pool and spa pumps for commercial and residential applications • Repair and rebuild kits for most major brands

FILTERS: Sand, DE, and cartridge filters. New, advanced-design cartridge filters have many advantages, are easy to care for, and conserve water

HEATERS: Raypak® heaters are the industry standard. Electronic or millivolt systems, natural gas, propane or electric • Jetted for high altitude in our area

CHEMICALS: Full line of sanitizing, oxidizing, and specialty chemicals

OZONE: Ozone is a proven way to reduce chemical usage and have fresh, clean water. Many systems and variations are available • We carry Clearwater Tech®

AUTOMATIC CHEMICAL CONTROLLERS: Featuring CAT 2000®

CHEMICAL FEEDERS: Pentair®, Bio Lab brominators, Poolife A300

TESTING: Taylor®, LaMotte® test kits, Aqua Check test strips, re-agents and free in house water testing

SAFETY EQUIPMENT: Commercial pool required items including signs, buoys, hooks, ropes, markers, poles, and anti-entrapment devices

PIPE: PVC Fittings for pool and spa applications, including flexible PVC and "problem solvers"

VALVES: Waterway® and 3-way Tru-Seal® valves, check valves gate, ball, slide valves

LIGHTS: Pool and spa underwater lights and parts
